1. Minimum opening deposit is $25. Monthly service fee for the Everyday Checking account is $10 and can be avoided when the primary account owner is 17 through 24 years old. Monthly service fee for the Clear Access Banking account is $5 and can be avoided when the primary account owner is 13 through 24 years old. When the primary account owner reaches the age of 25, they can no longer be used to avoid the monthly service fee. Everyday Checking customers have other ways to avoid the monthly service fee. Customers between 13 and 16 years old must open the Clear Access Banking account with an adult co-owner. See a Wells Fargo banker or the Consumer Account Fee and Information Schedule available at wells Fargo.com/depositdisclosures for more information about other fees that may apply and options to waive the monthly service fee.

2. Other fees may apply, and it is possible for the account to have a negative balance. See a Wells Fargo banker or the Consumer Account Fee and Information Schedule available at wells Fargo.com/depositdisclosures for more details.

3. If you convert from a Wells Fargo account with check writing ability to a Clear Access Banking account, any outstanding check(s) presented on the new Clear Access Banking account on or after the date of conversion will be returned unpaid. The payer may charge additional fees when the check is returned. Make sure that any outstanding checks have been paid and/or you have made arrangements with the payee(s) for the checks you have written before converting to the Clear Access Banking account.

4. Subject to account eligibility requirements. Advances from linked credit accounts accrue interest from the date of each advance. Advances from credit cards accrue interest at the cash advance rate. Please see your credit agreement for more details.

5. With Extra Day Grace Period, when your personal account is overdrawn, you have an additional business day (extra day) to make covering deposits and/or transfers to avoid the prior business day’s overdraft fees. If your account's available balance as of midnight Eastern Time on your extra day is enough to cover the prior business day’s overdraft items, the pending overdraft fees for those items will be waived. If your available balance as of midnight Eastern Time is not enough to cover some, but not all, of the prior business day’s overdraft items, we’ll apply your available balance to the transactions in the order that they posted to your account. Any transactions not covered by midnight Eastern Time are subject to applicable overdraft fees. All deposits and transfers are subject to the Bank’s Availability of Funds Policy. Please see the Wells Fargo Consumer Account Fee and Information Schedule and Deposit Account Agreement at wells Fargo.com/depositdisclosures for more details.

1. These benefits will take effect within 45 days following the linkage of your Campus Card to a Clear Access Banking or Everyday Checking account. Your account must be linked to an open, active Wells Fargo Campus Card to remain eligible and receive these benefits. Benefits will end 60 days after your Campus Card is no longer linked and the Bank’s standard Clear Access Banking or Everyday Checking account terms and fees apply. For more information, please refer to the Wells Fargo Consumer Account Fee and Information Schedule available at wells Fargo.com/depositDisclosure or see a Wells Fargo banker.

2. Fees charged by non-Wells Fargo ATM operators or networks may apply.

3. In addition to any applicable fees, Wells Fargo makes money whenever we convert one currency to another currency for you. The exchange rate used when Wells Fargo converts one currency to another is set at our sole discretion, and it includes a markup. The markup is designed to compensate us for several considerations including, without limitation, costs incurred, market risk, and our desired return. The applicable exchange rate does not include, and is separate from, any applicable fees. The exchange rate Wells Fargo provides to you may be different from exchange rates you see elsewhere. Different customers may receive different rates for transactions that are the same or similar, and the applicable exchange rate may be different for foreign currency cash, drafts, checks, or wire transfers. Foreign exchange markets are dynamic and rates fluctuate over time based on market conditions, liquidity, and risks. Wells Fargo is your arms-length counterparty on foreign exchange transactions. We may refuse to process any request for a foreign exchange transaction.

4. Incoming wire transfers received in a foreign currency for payment into your account will be converted into U.S. dollars using the applicable exchange rate without prior notice to you.

For additional information related to wires and foreign currency wires, please see the Wells Fargo Wire Transfers Terms and Conditions available at wells Fargo.com/online-banking/transfer/online-wire-terms.

4. Our overdraft fee for Consumer checking accounts is $35 per item (whether the overdraft is by check, ATM withdrawal, debit card transaction, or other electronic means). We charge no more than three overdraft fees per business day. Overdraft fees are not applicable to Clear Access Banking<sup>SM</sup> accounts. The payment of transactions into overdraft is discretionary and we reserve the right not to pay. For example, we typically do not pay overdrafts if your account is overdrawn or you have had excessive overdrafts. You must promptly bring your account to a positive balance.
